

### REMARKS

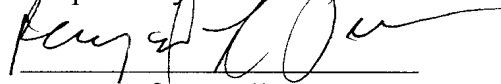

Currently claims 1-6 and 11-19 are pending in the application. Claim 5 has been canceled by the entry of this amendment. Claim 1 has been amended to include the feature of claim 5. Claims 11 and 15 have been amended to clarify the creation of the "to-do" list described therein. Claims 6, 14, 18 and 19 have been amended to improve the clarity of the claim language and to correct minor grammatical errors. Applicants submit the amendment to the claims does not limit and should not be interpreted as limiting the scope of equivalents entitled thereto.

Applicants would like to thank the Examiner for the personal interview granted to applicants' representative, Marc A. Rossi, on January 25, 2007. During the interview, applicants' representative noted that Safai, at a minimum, failed to disclose: a) the feature of allowing a user to modify the selected printing tasks prior to printing of the image files as defined in claim 5; and b) the feature of the "to-do" list as set forth in claims 11 and 15. The Examiner agreed during the interview the amendment of claim 1 to include the limitation of claim 5 and the amendment of claims 11 and 15 to further define the creation of the "to-do" list would be sufficient to overcome the final rejection of the claims. Applicants have amended the claims in accordance with the amendments proposed during the interview.

Applicants also note the Examiner indicated the amendment of the claims would be entered if filed under the provisions of 37 C.F.R. § 1.116. It is therefore respectfully requested the amendment be entered in order to overcome the final rejection of record.

In view of the foregoing, it is believed that none of the references, taken singly or in combination, disclose the claimed invention. Accordingly, this application is believed to be in condition for allowance, the notice of which is respectfully requested.

Respectfully submitted,
